

DO YOU KNOW WHAT **RHINOCEROS** MEANS?

RHINOS have been on earth for more than **50 Million years!**

A Group of RHINOS is called a **CRASH**

RHINOS cry just like humans and **Baby RHINOS also squeal.**

Baby RHINOS drink milk for 2-3 years.

Only 1/4 RHINO BABIES survive.

-  A RHINO is poached **every 8 hours** in South Africa
-  Only **3,000** Black Rhinos are left!
-  In 2016, over **1,000 Rhinos** were poached in South Africa
-  There are 5 species of Rhinos and 3 are **CRITICALLY ENDANGERED!**
-  Rhinos are essential to maintain an intact ecosystem & we have to protect them
-  Nobody on earth needs a Rhino Horn, **BUT A RHINO!**

RHINOCEROS MEANS “NOSE HORN”

[THE NAME IS DERIVED FROM THE GREEK WORD “RHINOKERŌS”]
