NORTHERN & SOUTHERN WHITE RHINO

PAST AND PRESENT POPULATION SPREAD

Speaker's Notes

Southern White Rhino

Past: lived in larger numbers in Namibia, Botswana, Zimbabwe, South Africa, Swaziland and Mozambique.

Present: In lower numbers in Namibia, Botswana, Zimbabwe, South Africa and Mozambique.

Recently the Southern White Rhino has also been introduced in Kenya, Uganda and to Zambia.

These are areas that they did not historically live.

Northern White Rhino

Past: before it was poached, it used to live in north-western Uganda, southern Chad, south-western Sudan, the eastern part of Central African Republic, and north-eastern Democratic Republic of the Congo

Present: there are only 3 left in a conservancy called Ol Pajeta in Kenya!
