

1) Define in own words: What is an endangered species?

2) Read article:

<https://www.smithsonianmag.com/science-nature/how-we-decide-which-animals-become-endangered-180956923/>

And/Or explore website:

https://www.worldwildlife.org/species/directory?sort=extinction_status&direction=desc

3) Reread your definition. Has it changed? If so rewrite it below:

4) Meet with partner, share your definitions. Reevaluate and make appropriate changes to your definitions in order to create a definition you both can agree on. Rewrite your new definition below:

5) Meet with another partnership. Share your definitions. Reevaluate and make appropriate changes to your definitions in order to create a definition you all can agree on. Collectively come up with group definition. Rewrite your new definition below:

6) Each group of shares with the class.

7) Whole class decides on one definition of an endangered species. Write your class' definition below:

Reflection:

How did each definition change?

Do you agree or disagree with the class definition? Why or why not?
